

## **4th Internatinal Congress of Plastic Reconstructive and Aesthetic Surgeons**

**October 2013 24-26**

**[www.aapras-2013.com](http://www.aapras-2013.com)**

**IV Congress of the Armenian Association of Plastic Reconstructive and Aesthetic Surgeons (AAPRAS) will be held 24-26 October 2013 in Yerevan, Armenia.**

The congress is co-organized by the Armenia Association of Plastic, Reconstructive and Aesthetic Surgeons (**AAPRAS**) and the Society of Plastic, Reconstructive and Aesthetic Surgeons Georgia (**GeoPRAS**) and it is supported by **IPRAS** (International Confederation for Plastic, Reconstructive and Aesthetic Surgery) and **ESPRAS** (European Society of Plastic, Reconstructive and Aesthetic Surgery) whilst it is endorsed by **ISPRES** (International Society of Plastic Regenerative Surgery).

This Congress is undoubtedly a significant scientific event and is called **Technology Innovations in Plastic Surgery – TIPS2013**.

The aim of our Congress is to bring together professionals for presentations and discussions related to the latest news in technology innovations in Plastic Surgery.

Topics that which will be discuss includes: Surgery of the Skin and Cutaneous Malignancies, Fat Grafting, Facial Rejuvenation, Breast, Body Contouring, Rhinoplasty, Safety in Plastic Surgery, Tissue Engineering, Flap Reconstruction, Present State of Research in Peripheral Nerve Regeneration, New Trends in Fillers and Toxins, Energy Based Devices, Set – up Successful Plastic Surgery Practice and New Frontiers in Plastic Surgery Practice

The Scientific Committee will make every effort to prepare a “**MULTI SPECIALTIES FRIENDLY**” scientific program including scientific topics that will interest all many other specialties such as Dermatology, ENT, Wound Healing, Burns etc so participants from other specialties to attend interesting lecture on the topics of their interest.
